

“PEACE FOR OUR TIME!”

[John Kerry](#) – [Modern Neville Chamberlain](#)

Yesterday, November 23, 2013, in the wee hours of the morning West Coast time, [Secretary of State John Kerry](#) became [Neville Chamberlain incarnate](#). You may recall that Chamberlain was Prime Minister of England just prior to the outbreak of WW2. On [September 30, 1938 Chamberlain returned to London after meeting with “Herr Hitler”](#) waving a peace treaty with Germany. Within a year the Nazis invaded Poland beginning WW2.

***John Kerry** has announced that the major powers ([“P5+1”](#)) consisting of America, France, Britain, Russia, and China [concluded a six-month deal with Iran](#) that basically consists of the following:*

- 1. Iran will halt further uranium enrichment for six months;***
- 2. Iran will retain its current stockpile of enriched uranium;***
- 3. Iran will halt plutonium enrichment only necessary for a nuclear weapon;***
- 4. Iran will not purchase additional centrifuges (they have over 19,000!)***

For this “deal” America will remove a number of financial sanctions allowing Iran to receive untold (estimated at over \$4 billion!) income for their crippled economy.

Again, this is a limited “deal” to expire in six months.

To understand how this “deal” unfolded you must understand the actors involved.

- 1. Iran is as theocracy with a government administered by fundamentalist Muslim clerics.***
- 2. Iran is a rogue government and is the topmost supporter of Islamic terrorism in the world, including supporting terrorist groups killing Americans.***
- 3. America, with a government administered by weak, corrupt, and appeasing actors, is seen by the Islamic world as ripe for domination. As late as last week the head Iranian Mullah supported demonstrations in Teheran where people chanted “Death to Israel – Death to America!”***
- 4. China, Russia, France, and Britain are not directly threatened by Iran except for Iran’s support for terrorism that frequently affects these countries. These countries however, are more interested in obtaining Iran’s oil than curbing Iran’s nuclear weapon program. They will agree to anything to restart the flow of oil from Iran.***

*Iran, as a fundamentalist Islamic theocracy, is diametrically different than America. Under Islam, there is no separation between **Church** and **State** – **Islam IS the “church” AND the “state”!** To understand this “deal” you must understand Islamic concepts and [Sharia law](#) surrounding peace treaties, truces, and the payment of tribute by non-Muslims for treaties and truces. This “deal” complies with [Islamic Sharia law](#), the [Koran](#), and the [Hadith](#), the verbal admonitions of Muhammad. America and the P5+1 have been **Islamically snookered** and we will pay a severe price for our appeasement, weakness, and specious “**PEACE FOR OUR TIME!**” negotiated by the defeated Presidential candidate and Vietnam War liar, John Kerry. Is he just naïve or is he really ignorant? Has the Muslim Brotherhood infiltrated our government to the point that political correctness, appeasement, and naiveté have replaced “know your enemy”? We know how that turned out for Neville Chamberlain and the world in September, 1938. [Mein Kampf](#) was first published in 1927, but those who read it refused to believe that Hitler was serious. Has nobody in the current administration ever read the Koran? It’s all in there. Is it just a coincidence that Obama’s primary advisor, [Valerie Jarret](#) was [born in IRAN](#), and her parents were avowed Communists?*

Here is what the [Koran](#), [Sharia law](#), and [Muhammad](#) have to say about John Kerry’s “deal”.

- 1. Iran, as a fundamentalist theocracy, is religiously committed to “Jihad”, holy war, against all non-Muslim controlled world territories. This is clearly specified in Islamic literature as “**Dar-ul Islam**” (the land where Islam rules), and “**Dar-ul Harb**” (the land where Islam does NOT rule). The religious commitment is to conquer Dar-ul Harb until Islam rules.*
- 2. Iran has been at war with America since the hostage crisis back in 1979 under Jimmy Carter. Carter deposed the Shah of Iran, a friend to America, allowing the Ayatollah Khomeini to take over Iran and turn it into a fundamentalist Islamic state.*
- 3. “Truces” with Muslims by America goes back to 1785 when Thomas Jefferson questioned in a letter dated October, 1785 why Muslims consider non-Muslim enemies until they become friends by treaties? In fact, the very first war entered into by America was against the [North African Muslims \(Barbary Pirates\)](#) in 1805 who were seizing our merchant ships and crews holding them for ransom. Today it is the Islamic Somali pirates.*
- 4. Reviewing Sharia law codified in “[Reliance of the Traveller](#)” we discover the tenets of making “truces” by Muslims with non-Muslims. Chapter **09.16** specifically states, “In Sacred Law truce means a peace treaty with those hostile to Islam, involving a cessation of fighting for a specified period,*

whether for payment or something else.”

5. *The problem with Muslims making truces is that, in the words of Sharia, “...because it entails the nonperformance of jihad.” (09.16(2))*
6. *The Sharia goes on to state, “Interests that justify making a truce are such things as Muslim weakness because of a lack of numbers or materiel...” Iran’s economy is on the verge of collapse – they need money! How better to obtain money than purport to give those stopping the flow of money a “truce” to make them feel more secure, especially when it supports their politics.*
7. *One of the basic religious tenets of Islam is to engage in “Jihad”, holy war against non-Muslims. While some Islamists try to convince non-Muslims that there are two types of “Jihad”, it is a specious argument based upon Islamic texts. They try to convince non-Muslims that there are two “Jihads”, the first being the Greater Jihad with holy war Jihad being the “Lesser” Jihad. Again, it is a specious argument. In Islamic texts, including the Koran, Sharia, and Hadith, there is only holy war! The “Greater” Jihad is purported to be a search for a Muslim’s soul and commitment to Islam. It just doesn’t exist in any Islamic text. What does exist to support holy war Jihad?*
8. *There are [Five Pillars](#) supporting Islam, which means submission. The Five Pillars are acknowledging that Allah is the one true God and Muhammad is His Prophet, praying five times a day acknowledging Pillar #1, fasting on specific religious occasions, paying a tax called **Zakat** in Arabic, and finally making the pilgrimage to Mecca at least once.*
9. *Zakat is **NOT “charity”**, it is a tax on all Muslims and their wealth annually. Zakat is described precisely in the Sharia in Chapter h8.17 with respect to holy war. It states, “The seventh category [of Zakat] is [for] those fighting for Allah...” Again, it is religious obligation on all Muslims to fight for Allah against non-Muslims both with weapons AND wealth.*
