

"WAR WILL COME IN SEPTEMBER!"

Is there any further question where Hussein Obama stands on the Middle East? He "partners" with the Muslim Brotherhood and throws Israel under the bus following the religious obligations on Muslims in the Koran and Hadith!

U.N. Security Council to "Debate" seizing Jerusalem from Israel on July 11th & 26th.

"WAR WILL COME IN SEPTEMBER!"

The "Quartet" has scheduled July 11th, and the United Nations Security Council has scheduled July 26th for an open "debate" about whether or not they will seize Israeli land in September, and divide Jerusalem by establishing a Palestinian state, without negotiation or approval from Israel.

Haaretz newspaper reported today, "The UN Security Council plans to discuss in July [on the 26th] the possibility of Palestine becoming a United Nations member state, the Security Council president said on Tuesday. The Arab League has said it would request UN membership for a **Palestinian state in the Gaza Strip and the West Bank, with East Jerusalem as its capital** at the UN General Assembly in September."

Only the U.N. Security Council (seen right->) can vote to recognize new nations, and move borders. It is composed of 15 member nations among which **only 5 have veto** authority: USA, Britain, France, China, and Russia.

"An upcoming Quartet meeting [is] a possible indicator on the situation," reported Haaretz. "The Quartet of Middle East peace negotiators -- the United States, Russia, the European Union and the United Nations -- are expected to **meet on July 11th. The meeting, expected to take place in Washington**, will come amid a U.S. push to revive peace negotiations between Israel and the Palestinians."

The fact any debate will occur on 11 or 26 July confirms a big U.N. vote will occur in September, and if **President Obama's U.N. delegation fails to veto, Israel will forfeit half its land and Jerusalem** will become the Muslim capitol of the new state of Palestine.

President Obama has recently signaled the opposite, that **the U.S. may not veto such a land-grab**, as Abbas said last week on Lebanese TV, quote: "**President Obama says he wants to see an independent Palestinian state by September.**" No wonder Abbas met with PLO leaders and decided to seize the moment, and East Jerusalem with it.

Israel would likely not recognize such a vote, and refuse to forfeit their land. Palestinians will declare independence and **start a war in September, with the whole world against Israel. Except us.** We must awaken the U.S. Congress to defend Israel now.

A pro-Israel U.S. Congressman has introduced a brand new law to de-fund the United Nations if they dare to seize Israeli land, or if President Obama fails to veto any Palestinian land-grab of Jerusalem without permission from Israel.

Pro-Israel Congressman Steve Chabot (R-OH, pictured right-->) who chairs the Subcommittee for mid-East relations, introduced H.R. 297, which says the United States should **withhold "contributions to the regularly assessed biennial budget of the United Nations ...** if the General Assembly adopts a resolution in favor of recognizing a state of Palestine outside of or prior to a final status agreement negotiated between, and **acceptable to, the State of Israel** and the Palestinians."

The Washington Times confirms **the U.N. plans an illegal vote to unilaterally recognize Palestine in September.** "A unilateral declaration of Palestinian statehood would be an illegal act that would violate the letter and the spirit of U.N. Security Council Resolutions 242 (1967) and 338 (1973). Those binding resolutions called for a negotiated settlement of the dispute with Israel with 'secure and recognized boundaries.'"

The Times also reports America supplies 22 percent of the U.N. budget, so de-funding would get their attention. "The United States cannot prevent this ill-advised move - **it circumvents America's Security Council veto by design** - but U.S. leaders can let it be known that the U.N. would incur more than just a political cost." The United Jerusalem Foundation warns: "A unilateral declaration of Palestinian statehood by the United Nations General Assembly would cause incalculable harm to peace and stability in the Middle East."

I just updated our petition words, to INCLUDE support for the new H.R. 297, but so far ZERO Congressman have co-sponsored Chabot's important bill. Please **call your Congressman and both Senators at 202-224-3121**, and say "please co-sponsor H.Res 297 to protect Israel's current borders, and defund the U.N. if President Obama refuses to veto their Jerusalem land-grab." Also please call every member of the [Foreign Affairs Subcommittee on the Middle East here](#). Then [fax our new petition words to all 535 Congressmen instantly here](#). Israel needs our support today...

The Associated Press just reported "The West Bank Palestinian leadership formally decided Monday to **press ahead with efforts in September to win U.N. recognition of a state** in the West Bank, Gaza Strip **and East Jerusalem.**" Palestinian Authority President Mahmoud Abbas met with members of the Palestinian Liberation Organization (the same P.L.O. historically linked with violent terrorists of Hamas) and decided they will unilaterally seek United Nations permission **to seize Israeli land without negotiation** or consideration of Israeli sovereignty.

"Leading members of the Palestine Liberation Organization and Palestinian President Mahmoud Abbas' Fatah movement met Sunday and later said in a statement that the goal is to bring a state of Palestine into the family of nations of the world....**Only the U.N. Security Council can add a nation to the world body**, and the U.S. government has repeatedly expressed its opposition to the move, signaling it will veto such a resolution," said one AP reporter.

However, President Obama has recently signaled the opposite, that **the U.S. may not veto such a land-grab**, as Abbas said last week on Lebanese TV, quote: "**President Obama says he wants to see an independent Palestinian state by September.**" No wonder Abbas met with PLO leaders and decided to seize the moment, and East Jerusalem with it.

"Palestinian officials hope U.N. recognition would force Israel to make concessions when negotiations resume...The statement did not say what form of U.N. recognition the Palestinians are seeking or **what steps they might take after such a nod from the world body**," said AP.

[Chaps comment: They will declare independence and cause a war. Abbas and the PLO do not want concessions "during negotiations." They plan to declare independence and fight for their newly claimed land, with U.N. and Obama's approval. **There is war coming in September.** If Israel refuses to comply, Obama will not veto, the U.N. will grant land, and Muslims will attack Israeli territory to seize East Jerusalem and the 1967 borders.]
