

Supreme Court:

Why are you not traitors to the Constitution?

YOU ARE RESPONSIBLE FOR THIS CRISIS AND CAN BE REMOVED AND TRIED FOR TREASON

Dear Editor: The following letter was sent to the United States Supreme Court today:

“The [republic](#) endures and this is the symbol of its faith.” – Chief Justice Charles Evans Hughes Cornerstone Address, Supreme Court Building

July 14, 2010

The U.S. Supreme Court building is on the U.S. National Register of Historic Places. Justices serve as long as they demonstrate "during good Behaviour." Are they doing so right now?

Supreme Court of the United States
US Supreme Court Building
One First Street, NE
Washington, DC 20543

Dear Honorable Chief Justice Roberts:

Perhaps you and the rest of the justices have not noticed, but there is a war going on here. We the people are having a pretty hard time trying to understand just what it is the Supreme Court is doing these days. Would you care to fill us in?

Maybe you should consider a press conference where you could not only clarify the matter in which Mr. Obama attempted to discredit the Supreme Court but also maybe even rein in this rogue government. Speaking for most of the people in the United States, we would sure appreciate a fine demonstration of how the separation of powers protects all of us from an overly abusive regime. We would welcome such a demonstration at any time you can arrange for it to happen. Like now.

By the way, Justice Roberts, the complaints we raise are not political in nature. The usurper who is currently being illegally entertained as our president and his cohorts have conveniently managed to blur the line between politics and subversion so effectively that it appears even members of your illustrious judicial body have also fallen for this ruse.

Based on my daily monitoring of events to insure the safety of the Constitution, I can only imagine you might have noticed that our government has been seized by Communists and other progressives, the Constitution has been totally ignored, Congress and everyone in the regime are violating their oaths of office, and, from what I can tell, bouncing off the walls with bribes and illegal deals that are being funded by “we” the taxpayers. It would seem that conflicts of interest abound and are the rule as opposed to the exception.

This rogue “administration” is being run by what I believe is an Islamic fundamentalist...you know, we used to call those guys “terrorists,” that is, until the main terrorist himself, “with the help of his friends,” seized control and dumbed up the terms used to describe our enemies.

He is now acting illegally as the president because the Congress and you have turned your back on the Constitution. Now perhaps you all are too embarrassed to admit the nature of your folly and maybe I am totally off-base here, but this is how I see the matter. If I am incorrect in my opinion as expressed, I would greatly appreciate your setting the record straight.

While I wait for your response, let me comment that Americans have always been characterized by our generosity, but, geeze, Justice Roberts, I am sure even the members of the Supreme Court could appreciate the bizarre circumstances of actually having invited a domestic enemy dedicated to destroying our country to assume command of our economy, our resources and the most powerful military in the world. So am I right about this, or is it my imagination?

OK, so let's get down to brass tacks! The information below clarifies the issue about which we as citizens have been agonizing for the last 18 or so months. This one sentence says it all:

As the final arbiter of the law, the Court is charged with ensuring the American people the promise of equal justice under law and, thereby, also functions as guardian and interpreter of the Constitution.

So let's knock off this foot-dragging to settle this issue of Obama's eligibility. The responsibility is yours and yours alone. All of these divisive "No Standing" roadblocks are instruments of your doing. As I see it, your deliberate judicial shenanigans serve to delay the resolution of this Constitutional crisis and are aiding and abetting our enemy. We are losing thousands of productive man-days due to your failure to act.

As the guardian and interpreter of the Constitution, in my view, you have failed your responsibility miserably. You have permitted this problem to persist in violation of your oath of office. Justice Roberts, just what part of the following is not clear?

The Court is charged with ensuring the American people the promise of [equal justice under law](#).

EQUAL JUSTICE UNDER LAW

These words, written above the main entrance to the Supreme Court Building, express the ultimate responsibility of the Supreme Court of the United States. The Court is the highest tribunal in the Nation for all cases and controversies arising under the Constitution or the laws of the United States. As the final arbiter of the law, the Court is charged with ensuring the American people the promise of equal justice under law and, thereby, also functions as guardian and interpreter of the Constitution.

As I see it, when a person runs for public office, he is no longer a private citizen. He has an obligation and a compelling duty to provide any reasonable background information. How can you possibly deny the public access to this information without incriminating yourself?

The purpose of the constitutional requirement for eligibility is perfectly clear. What is not clear is if indeed the founding documents must be applied in whole, how is it possible for any one or any entity to circumvent satisfying the requirements as it may become convenient? Certainly this practice comes under the purview of the courts and is not negotiable. So tell me, Justice Roberts, on what basis have you permitted this constitutional violation to occur?

Considering your oath of office, your responsibility is ensuring the American people the promise of equal justice. Your responsibility does not permit you the luxury to decide to what degree you will comply with this responsibility. As I see it, Justice Roberts, you and the rest of the Supreme Court have failed the American people.

We as a people are respectful of the rule of law and we honor the principles laid out in the Constitution. As you are well aware, every day we find new abuses aimed at further destruction of the Republic that has been built over the last 200 years. Many of us resent the treatment we have received and warn of limitations to our patience. The anger of the people is palpable. If you do not feel it, you had better work at it harder.

Additionally, recent evidence has emerged and many are led to believe this whole conspiracy has been orchestrated by puppet masters behind the politicians who are so powerful that they can arbitrarily change the course of history based on a handshake. So tell me, Justice Roberts, is the Supreme Court in a position to go along with this type of an “election deal?” A deal between two potential candidates, neither of whom were and still are not qualified to hold the office of the president? And even though they still might not be qualified, how is it that one of them was capable of fraudulently distorting the outcome of an election and disenfranchising the citizens of the United States?

The most damning part, Justice Roberts...all of this on your watch!

Maybe a few pages out of the Foreign Affairs Manual ”[7 FAM 1131.6-2](#)” might explain things. Let’s face it: neither candidate could possibly have qualified, so why the games? Are all of those engaged in this conspiracy so unpatriotic and lacking in ethics and morality as to permit the wholesale slaughter of the American republic for the sake of a power grab or some individual profiteering?

How could such a devious plan by a group of government/private officials be permitted? How could it be possible that such a conspiracy of this magnitude be carried out by such a broad group of people and entities and yet be kept secret from the American people?

My point here, Justice Roberts, is that your duty to assume an active role as the guardian of the Constitution is long overdue. On many occasions you have been invited to participate. However, at each occurrence, you chose to ignore the opportunity to join.

- Just when do we the people see the application of the safety net so ingeniously devised by the founding fathers to stop just this type of abusive tyranny?
- When does the Supreme Court assert its responsibility to nullify this gross and arrogant abuse of executive power?
- Just when do we see the rule of law enforced and the separation of powers by the three branches invoked?

What is the key here, Justice Roberts? What is the trigger?

Arnie

**SUBJECT: CRIMINAL COMPLAINT NAMING BARACK OBAMA IN
COMMISSION OF TREASON**

My name is Arnie Rosner. I reside at 8905 Rhine River Avenue, Fountain Valley, California 92708-5607. My phone number is 714-964-4056. I have been a resident of Fountain Valley for close to 40 years.

Clearly understanding the seriousness of the charges I am about to make, I name BARACK OBAMA, a person whom I believe to be ineligible to hold the office of president of the United States, as deliberately engaging in deceptive and illegal conduct which constitutes treasonable acts against the American people and the government of the United States of America.

OBAMA conducted an Act of War against the United States and its government by deliberately demonstrating his contempt for the United States Constitution and his failure to abide by the rule of law. He and his cohorts have successfully set up a rival unconstitutional government.

I accuse OBAMA and OBAMA'S civilian and military-political criminal assistants of TREASON. I name OBAMA and OBAMA'S criminal associates as TRAITORS.

OBAMA'S criminal ascension and TREASON manifests a clear and present danger to the citizens of this nation.

OBAMA'S TREASON is systematically destroying our American constitutional protections.

Criminal Complaint of Treason
Against
Barack Hussein Obama

Under Obama's current abusive policies, my family and I, are no longer afforded the protections as guaranteed under the Constitution of the United States. Every day I am more threatened by the overreaching, oppressive acts implemented by the Obama administration. I am witness to the rapid escalation of our once free society towards a totalitarian government.

Since Mr. Obama has seen fit to withhold any evidence to the contrary, I identify OBAMA as a foreign born domestic enemy. My duty as a United States Citizen is to resist the implementation of whatever oppressive policies OBAMA attempts to implement and enforce.

BARACK OBAMA IS NOT MY PRESIDENT!

I remain steadfast, and as a free-born citizen of these United States of America, I remain obedient to the Laws of our Sacred Constitution in submission of this criminal accusation of TREASON.
